

CELEBRATING 40 YEARS
OF ENGAGING TREASURER!

ACT MIDDLE EAST TREASURY SUMMIT

1-2 OCTOBER 2019
Madinat Jumeirah, Dubai

Reasons to attend the ACT Middle East Treasury Summit

As the only chartered body for the treasury profession, the [Association of Corporate Treasurers](#) (ACT) appreciates how valuable professional development opportunities are. But we also understand the difficulty in getting the time out of the office and agreement from your boss, so here are some ideas to convince your employer or wider organisation that you cannot miss the ACT Middle East Treasury Summit on 1-2 October 2019 in Dubai.

- Market and currency volatility are now a constant and the CFO, finance, and treasury teams within any organisation must keep themselves up to date with the shifting environment to stay financially viable.
- Attending the conference is your key to success and continued professional development. There will be over 14 hours of sessions featuring a mix of strategic keynotes, educational track sessions, case studies and interactive workshops focusing on technical challenges, treasury skills, and leadership development.
- Topics to be covered include: C-suite strategy session, working capital management, the evolution of green finance, digital developments and the increasing role of technology and working with a Fintech.
- Developed with the support of the ACT Middle East Treasury Panel of senior treasurers, the conference will address highly relevant local issues as well as deep dives into international topics that will also affect the region.
- The conference will be attended by over 500 senior treasury and finance professionals and offers invaluable opportunities to network and learn from key figures in finance, including the networking reception on day one.
- The ACT sets the benchmark for international treasury excellence. As the chartered body for treasury, we lead the profession through our internationally recognised suite of treasury qualifications, by defining standards and championing continuing professional development. By attending the conference, you are guaranteed expert speakers and highly relevant content.

CELEBRATING 40 YEARS
