WHAT WAS THE BEST THING ABOUT THE ACT ANNUAL CONFERENCE 2023?

HEAR WHAT OUR DELEGATES HAD TO SAY

“ A great gathering of all the relevant and sought after stakeholders in the treasury ecosystem making it a must visit event on the calendar.

The ACT Annual Conference is the best way to meet treasury professionals and suppliers for updates on the key issues facing treasurers – and to give a chance to consider wider aspects of our roles.

The conference is the single most valuable opportunity to meet suppliers, network with peers and learn about treasury developments in the year.

Great event, well organised and an excellent opportunity for networking... an excellent experience and I will certainly attend again.

Great networking and inspiring presentations!

Great conference, with strong, insightful and diverse speakers and panel sessions and an excellent networking opportunity. Will attend again!

Top-notch organisation and high quality attendees, always a pleasure.

Great opportunity for exhibitors to network with potential and existing clients and KBI's. Seminar sessions provided useful insights into market demands which will help us to best shape our offering.

The conference is the single most valuable opportunity to meet suppliers, network with peers and to learn about treasury developments in the year.

Key venue to hear about current topics and meet suppliers and colleagues.

A fantastic event for treasurers and those working with them. An unparalleled opportunity to meet such a range of treasurers and their service providers in the UK. ”
