Your continued commitment places you at the forefront of the profession - with your designatory letters you demonstrate leadership, forward-thinking insight, and a dedication to best practice, helping you stand out among your peers.

Here's how your fellow members described the ACT in three words

A message from The ACT's Chief Executive, Annette Spencer

Your membership helps the ACT continue supporting treasury professionals worldwide - and ensures you remain at the centre of that community.

Your membership ensures you remain connected to a respected professional network and internationally recognised standards.

Since 1979, the ACT has been at the heart of the treasury profession.

We were the first dedicated professional body for treasury and the only treasury professional body to hold a Royal Charter.

This recognition reflects our commitment to professional excellence, trusted qualifications, and advancing the global treasury profession.

**Renewing your ACT membership ensures you continue to benefit from:**

A globally recognised professional community.

Access to expert technical insights and resources.

Exclusive education and professional development opportunities.

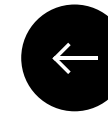

Opportunities to shape the future of the treasury profession.

Use of designatory letters which help you stand out from the crowd and demonstrate your commitment to excellence.
