Why take ACT classroom?

About our teaching

Our ACT Classroom courses are designed with one objective in mind – to provide you with all you need to know to pass first time. The teaching courses are fast paced and ideal if you wish to be in a dynamic classroom environment. Our courses are run by ACT accredited trainers who have the skills and expertise in our core subject matters. These practical courses are designed to keep your learning active and are highly effective for preparing you for your ACT exams.

Tuition

The teaching is intensive with each day focusing on the understanding and practice of fundamental topics. You will work through practice questions to help you focus on your exams. There will be an emphasis on exam techniques which will give you the perfect grounding to help you prepare for your exams.

To Book:

For detailed programme information and how to book onto our Classroom courses, visit [ACT Teaching](#)

Revision

The teaching helps to combine knowledge learnt (either through self study or attending tuition) and focuses your attention on exam practice. You will learn essential exam hints and tips to help you prepare for your exams and will work through exam standard questions from the Question bank.

Our classroom courses are ideal if you like:

- Classroom structure
- taught by expert tutors
- Interactive learning
- Informative and clear presentation of topics
- Question practice
- Networking opportunities
