## ABOUT ACT QUESTION TIME

As 2013 draws to a close, our panel of business and finance leaders will debate the headlines that dominated the past 12 months and to look ahead to what 2014 has in store for business and the real economy.

Growth forecasts show a more positive outlook for the UK economy and preparing to take advantage of an economic upturn is high on the agenda for many treasurers. Join the discussion on the big political, financial and economic issues of the day, including:

- how will regulatory change, including proposals to 'bail in' corporate creditors of banks affect companies?
- with UK house prices up 3.8%, is the recovery more than just another housing bubble?
- will the Bank of England's forward guidance on interest rates hold?

Help shape the conversation by submitting your questions in advance to [events@treasurers.org](mailto:events@treasurers.org) or tweet @actupdate using #qtact
