The event was well represented by leaders from banks, corporates, rating agencies, regulators, think tanks, and NGOs, and included discussions on how they approach ESG. Some fantastic examples of how different corporates are executing their ambitious ESG commitments, whether for sustainability-linked finance or deploying carbon offsets.

Certainly recommend attending these ACT sessions to enhance your knowledge on corporate treasury topics, and network with others working in this space.

“

On behalf of the HSBC team, I thank the ACT for the opportunity to be part of this amazing conference! The blend of topics was spot on, all so relevant and timely. I could see everyone was thirsty for knowledge, taking notes to apply asap... The venue and the whole organisation, logistics were brilliant with lots of opportunities to network etc. ”
